## Testimonials

“ Before going to South Africa, we got to know African beauties through movies. When we actually came to the province of Limpopo, we realized that movies are unable to convey and convey all the natural beauty of Africa and its spirit. After we met Danie and his professional team, we were even more delighted with the hunt itself, its expertise, organization and success, but the human, friendly - hunting dimension is even more valuable. It was an unforgettable 10 days of hunting, socializing, laughing and visiting natural beauties. We look forward to visiting Lenyati Safari again.

“ Always been a pleasure to hunt with Danie and his team, and I have been hunting with them for many years now. These guys know their job well and let you fully enjoy a typical, real African hunting experience. I'll be back soon for more bush hunt and a lekker braai!

~ *Yves Delvaux, Belgium*

“ We were met at airport by a van service sent by Danie and helped to get our gear gathered up and loaded for trip to concession. Upon arrival we were greeted and shown our new home for the next week. It was clean and had a shower and a great bed. All the meals were perfect and tasty at the lodge. Danie and his PHs were all helpful and knowledgeable about all the game. I was blessed to take a great Cape Buffalo with the expert advice and guidance of Danie. Our friends Ralph and Pat Moses took some beautiful and quality game. My wife loved the time she spent looking around and the sunset meal in the bush, it was a great meal and was something to always remember.

~ *Mike Grace, Oklahoma, USA*

“ I've hunted other consignments & went home disappointed. On arrival at Lenyati Safaris at 2:00am, to my surprise, Danie himself was there to greet us & talked to us as if he had known us forever. The next morning over a wonderful breakfast Danie made sure everything met or exceeded our expectations.

~ *Ralph Moses, USA*

“ Hunting with Danie and Lenyati Safaris wasn't my first safari, I've stopped counting but I'm around 20+. The lodge is a charming 5-star lodge, the food is unlike any safari I've ever been on, it not only looks incredible, it tastes incredible, it's a 10 out of 10. Danie and his team goes out of their way to make a hunt happen regardless if it's your first or 30th. My wife and kids were taken good care of while I was out hunting, from picky eaters to excursions they didn't have a dull moment. This place is for the serious hunters, first time hunters and non-hunters.
